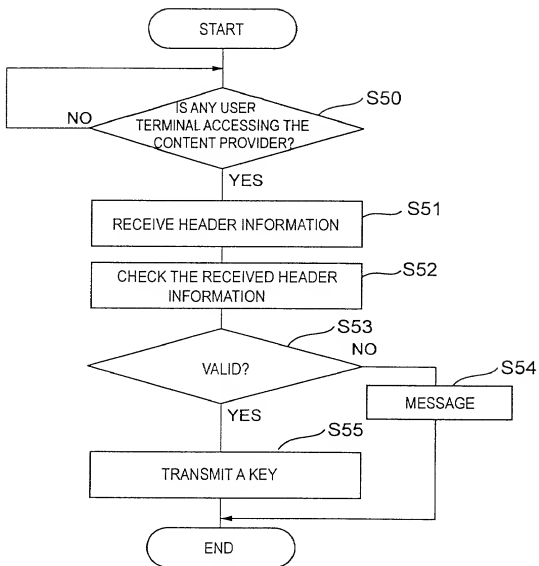

FIG. 6

Figure 1 consists of 12 line drawings of a chick embryo at different stages of development, arranged in two rows of six. The top row shows the embryo at 1, 2, 3, 4, 5, and 6 days. The bottom row shows the embryo at 7, 8, 9, 10, 11, and 12 days. Each drawing is labeled with its corresponding day number and a small illustration of the embryo's position in the egg. The drawings show the progression from a single cell to a fully formed chick ready to hatch.
